Having a multi-language website improves the visibility of a company, both for companies with an international (English, French, German, Italian, ...) and for those with regional interests (Catalan, Basque, Galician, .. .). That is why it is increasingly common to extend the number of languages ??in expanding corporate websites the final scope.

The language management platform will allow you to reduce costs and maneuverability. Juzque for yourself at our demo de web [1]. Moreover, the increaseon the base priceis calculatedfrom the numberofadditional languages??required:

- Anadditional language: Increasedhigh30€+ 30€yearmaintenance.
- Twoadditional languages??: Increasedhigh50€+ 50 €yearmaintenance.
- Overtwo additional languages??Increase20€ languagehigh+ 20€ language/year of maintenance.

To request a multi-language website will have to send by email a copy of Highapplication forminMSWord [2]for each [3]language [3] requiredwithpreviously translated content.

Remember: It isoptional, ifnotmostlanguages??neednothave topay.
